

Tales of Treman

Newsletter of the Friends of Robert H. Treman State Park

105 Enfield Falls Road, Ithaca, NY. 14850 Tremanparkfriends.org

Cabin Fever?

It's been a cold winter, but frigid temperatures have sculpted some winter beauty. It's possible to see both major waterfalls dressed in ice! Though "the Gorge Trail and Cliff Staircase on the Rim Trail are closed for the season," the Rim Trail in the Upper Park is open (conditions permitting) to the Lucifer Falls overlook; and the short walk to the swim

area will reveal frozen Lower Falls. Also, the Finger Lakes Trail is open. See the trail map on the park website.

The NY State Parks Centennial year has passed but you can still see our short historical videos on our website, tremanparkfriends.org. While there, you can take a look at our Enfield Glen Blog.

We have two big events for you this spring:

First, Finger Lakes State Parks environmental educator Josh Teeter will tell us about "The Growth of Parks Through Time and a Renewed Commitment to Their Care" on April 30 at the History Center of Tompkins County. He will begin at 5:30 p.m., immediately after our short annual meeting (5 p.m.).

Second, we will host volunteers at the annual I Love My Park Day on Saturday, May 3. Check back later on our website for more information.

Finally, it's time to join or renew your annual membership. The more members we have, the better we look to grant organizations. For the first time since 1998, we are raising our dues, to \$15. Please see the form on the other side.

LUCIFER FALLS—MAIN FALL

**Friends of Robert H. Treman State Park
Annual Membership Form**

Unless you've already renewed, **please fill out or copy this form and send a \$15 check (additional donations greatly appreciated) to:**
